

2 and 3 way PF Data boxes

(Image shows PF BOX 0/3H)

- 6C data cut-outs
- 25mm gland holes
- Black pre-fabricated steel
- Fast release two screw lid
- Keyed gland entry
- Horizontal rows
- 60mm deep, keyed base fixing
- Space for ID labelling

2 and 3 way data boxes are volume installation products bringing data points to the desk from the sub floor using flexible conduits, normally via a floor access grommet.

Standard PF Box units
