

## In-Desk Horizontal Unit

Model shown PD DESK 2/46C open and closed

- Brushed aluminium finish
- Individually fused power sockets
- 300mm power cord to GST plug
- Multi Media options
- Under desk ratchet clamp
- 6C data cut-outs
- Complies with BS6396: 2002
- Powered USB option
- Mixes Power & Data
- Brush cable exit

The PD DESK 'in desktop' units supply power and multimedia integrally on the desktop, particularly for meeting or boards room tables. It is secured under the desk by a ratchet type clamp.

A short 300mm power cord to female GST connector means multi length leads to 13A plug can be achieved using a PDT Start Lead. Close Power Dock when in use or when not in use, brush strip allows cable exit.
