

P-Pack 3PG Power Feed

RCBO-protected distribution from a tap-off lead

KEY FEATURES

- 4-way and 8-way versions
- 16A-rated 3PG output sockets
- 20mm gland-hole input
- Internal connecting block
- 16A, 30mA Type C RCBO
- RCBO window cover

A power feed unit for bus-bar and underfloor electrical track systems. A tap-off lead enters through the 20mm gland hole to the connecting block. INTER leads connect the 3-pole outputs to compatible desk power units.

Standard models

Part number	Description
P-Pack 4PF/3PG	4-way 3PG power feed; 20mm gland entry; RCBO protected
P-Pack 8PF/3PG	8-way 3PG power feed; 20mm gland entry; RCBO protected

Technical specification

Specification	Details
