

P-Pack Under-Desk Power

Modular UK socket power units

P-Pack under-desk unit shown

KEY FEATURES

- 2, 3, 4 or 6 UK socket options
- Individually fused outlets
- Switch and powered USB options
- Wieland-type GST input/output
- Connect units in a daisy chain
- 150mm earth lead with ring terminal

A modular power solution for office workstations. Link units to extend socket capacity - for example, a 2-way unit with a 4-way unit. End brackets allow screw fixing or securing to a basket tray.

Standard models

Part number	Sockets	Fuse / socket	Socket orientation	Switch / USB option
P-PACK 2G	2	5A	E / W	-
P-PACK 2/2G	2	5A	N	Individual switches
P-PACK 3G	3	3.15A	E / N / W	-
P-PACK 3/1G	3	3.15A	E / N / W	Master switch
P-PACK 4G	4	5A	E / N / N / W	-
P-PACK 4U	4	5A	N	Dual 3.4A USB charger
P-PACK 4/1G	4	5A	E / N / N / W	Master switch
P-PACK 4/4G	4	5A	N	Individual switches
P-PACK 6G	6	3.15A	E / N / N / N / N / W	-
P-PACK 6U	6	3.15A	N	Dual 3.4A USB charger
P-PACK 6/1G	6	3.15A	E / N / N / N / N / W	Master switch

Socket orientation: N = north, E = east, W = west.

Accessories

START leads	13A plug to GST female starter leads; 1-10m.
INTER cables	GST male to female interconnecting leads; 0.5-3m.
In-line RCBOs	16A, 30mA; GST or tap-off input, output to P-Pack.
Basket trays	800mm and 1200mm; under-desk / modesty-panel mounting.

Standards stated in original datasheet: BS6396:2008; tested to BS1363-2 and BS5733.
