

PF Data Boxes · Large

8, 12, 16 and 24-way data enclosures

KEY FEATURES

- 6C data cut-outs
- Black fabricated steel
- Two-screw removable lid
- Keyed gland entry
- 60mm depth
- Dual-entry and conduit options

A range of powder-coated steel 6C data enclosures. Two screws release the lid for module termination. Keyed gland holes allow the cable gland and lock nut to be secured.
